

Confluence Park Use Permit Application

Thank you for your interest in Washington County's Confluence Nature Park. The county is pleased to be able to provide a place for community gatherings in an amazing natural area. Protecting the Confluence as a public park and nature preserve was made possible by many partners, generous donors, and the support of the neighboring communities. We need and appreciate your help protecting the historical and natural resource values of the property, including the quiet refuge the canyon provides for both people and wildlife.

Confluence Park is a primitive site. No sanitary facilities or water are provided. No fires or grills are allowed without prior approval and their use may be restricted depending on conditions. Wood collection is strictly limited to dead and downed material only. Camping is allowed by permit only. For handicapped access or other questions call: (435) 301-7430.
